Will you raise your monthly giving \$17.00?

At this present time Rick and Dianna only need \$800 more of monthly support to complete the budget required as new AREA DIRECTORS for Russia, Siberia, and Belarus.

Thank you for all the years you have faithfully supported them and the calling God has placed on their lives. If every church that gives to the Langs would raise their monthly support by \$17.00 they would be ready to go!

Rick and Dianna express their thanks and gratitude in advance.

Our Vision

With our missionary team and Russian team, we believe our commitment to cutting the frontier-preaching the gospel where it hasn't been preached- training & equipping the next generation, touching the hurting, thus making a difference and planting the church has ability to cut through the spiritual darkness that covers so much of this vast Russian territory.

Rick and Dianna are thrilled with the increased commitment on the field to pioneer missions-preaching the gospel where it has not been preached and planting the church where it doesn't exist. Russian Missionaries have always shown a passion for forging new territories!
